School Opening

There are 294 Schools right across the entire province of Newfoundland and Labrador.

Each one is a bastion of hope for our future. Public schools prepare our children to lead our province into a stronger tomorrow. Inside each of these schools teachers help our students develop their fullest potential. School Boards care about tomorrow.

The Newfoundland and Labrador School Boards Association welcomes back students and teachers. Have a productive and safe 2007-2008 school year!

The Newfoundland and Labrador School Boards Associations represents the five School Districts of:

**Labrador
Western
Nova Central
Eastern
Conseil scolaire Francophone**
